1.1.1 The Institution ensures effective curriculum delivery through a well planned and documented process

Response:

The academic calendar is prepared by the IQAC under the guidance of the principal, specifying the significant curricular and co-curricular activities with dates to ensure proper teaching learning process and continuous evaluation. The college runs B.B.A, B.C.A, B.Com, M.Sc. I.T. as the main programs along with three certificate courses. The courses are on CBCS pattern.

The various committees are constituted at the very first day of the college opening. The general meeting is conducted for yearly planning of curricular and co-curricular activities. The departmental meetings are held at the commencement of the academic year to assign workload to the individual teachers. The distribution of the papers is based on individual interest and their specialization. Both common and departmental meeting have well co-ordination in the department meetings, teachers are asked to prepare their departmental calendar, lesson notes and present reports. After distribution of time table, workload and papers, each teacher prepares year, month and week wise teaching plan for the smooth functioning. In departmental plan, the focus is on allotted syllabus and its completion in stipulated time, the individual paper to be entertained and distribution of topic with suitable dates with teaching units. Each teacher submits annual teaching plan to the principal either directly or through the head of the department.

Then the principal and head of the department conduct the common meeting to discuss on Departmental requirement. Each teacher is provided the academic diary in which academic calendar is printed. The head of the department and the principal take review of the diary at the end of every month and the principal suggest for the effective implementation of curriculum whenever necessary. The principal, head of the department and teachers have well co-ordination regarding implementation of curriculum. The teachers are always encouraged and motivated by the principal for constructive classroom interaction.

The teaching-learning and evaluation process includes presentation, assignments, group discussion, student centric workshops, seminars, tests, tutorials, study tours, mid-term examination, course wise project works, company visits and research based educational workshops. Besides these teachers are asked to prepare ICT based teaching plans, the curriculum is effectively implemented by the different teaching techniques. The department organizes subject-wise guest lecturers for the skill development of students. E learning sources, reference books and periodicals are referred and made available to the teacher and students.

The remedial coaching scheme is implemented for the slow learners of the department. Each

department identify slow learners on the basis of marks offered in internal exam. All the stakeholders are regularly motivated for fair and smooth implementation of
